

PIPE BOOT

Overview

Quarrix Pipe Boot is an all-steel weatherproof pipe flashing that protects against plumbing vent leaks through extreme weather conditions for the life of the roof. The Quarrix Pipe Boot's TightLOCK® Top grips the pipe and forms a weather-tight seal for a faster install. Telescoping sleeve allows for varying pipe heights, roof expansion and works to combat frost in cold climates. The Quarrix Pipe Boot easily adjusts to roof pitches between 3/12 to 14/12 for a custom fit.

Quarrix Pipe Boot Benefits

- All-steel construction resists all types of weather to **prevent leaking**
- Lead-free design **eliminates damage** from squirrels
- Standard and High Pitch bases available in pitches from 3/12 - 14/12
- TightLOCK® Top slides over the pipe and **securely grips the pipe surface**
- Raised nail bosses provide a **quick nailing guide**
- For pipes that extend up to 14" above roof deck
- Optional extender tube available to increase height to 24"
- Guaranteed the life of the roof (Lifetime Limited Warranty)

Available Colors

Four color options to coordinate with every roof; Weathered Wood, Black, Dark Brown or paintable Mill finish.

Weathered Wood

Black

Dark Brown

Mill Finish

Finally, a pipe boot **Built to Last**®

Featuring the **TightLOCK® TOP** that grips the pipe and forms a weather-tight seal.

Place it, Turn it, Done.

Air space allows air circulation to resist frost from closing vent

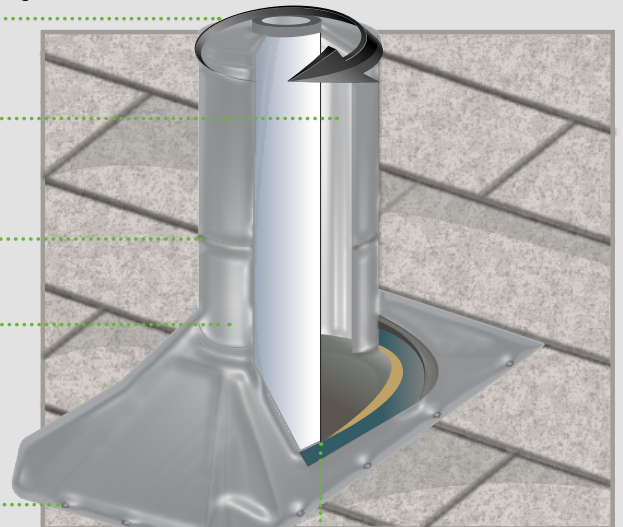

Telescoping sleeve allows for varying pipe heights as well as roof expansion and contraction

Available for 1½", 2", 3" and 4" pipe sizes

Raised nail bosses for easy installation

Easily adjustable base with pinch & push corners

No rubber gasket to fail and allow water penetration

PIPE BOOT SPECIFICATIONS

Part #	Color	Description	Pitches
58000-2	Mill Finish	1 1/2" Standard Pitch	3/12 to 8/12
