

RIGID RIDGE VENTS

Overview

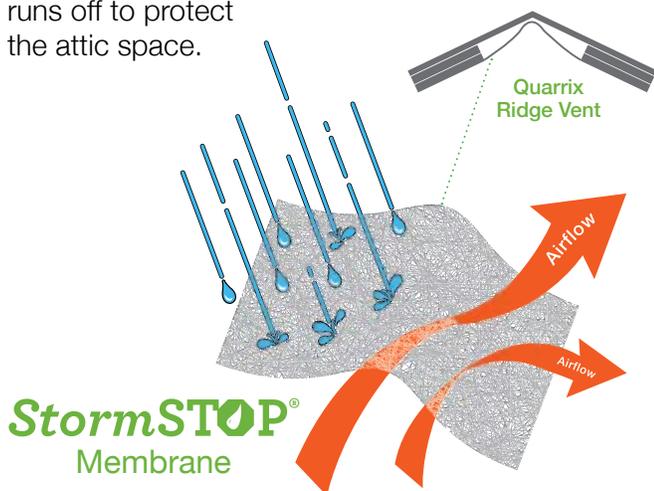

Quarrix Rigid Roll® Ridge Vent and Rigid Section™ Ridge Vent are the most versatile roof ventilation products on the market. They work with a wide range of roofing materials and install on the hip and ridge for a clean appearance. Quarrix Rigid Vents help keep attics cool and allow hot, moist air to release at the highest point, which is essential to achieving a balanced ventilation system. The StormStop® Membrane allows air to flow while preventing all forms of weather from entering the attic space. Available in 4' Sections or 20' Rolls.

Quarrix Ridge Vent Benefits

- **Proven Performance**
Fully tested and certified with virtually no failure rate.
- **Curb Appeal**
Clean, even ridge line enhances the image of the home.
- **Unmatched Versatility**
Efficiently installs with a wide range of roofing materials on both the hip and ridge.
- **Industry Standard**
Quarrix Building Products leads the rolled ridge vent market.
- **StormStop® Membrane**

In extreme weather conditions, the spun-bound material of the StormStop Membrane protects the attic and keeps moisture out while allowing continuous airflow. StormStop is engineered so that moisture simply beads up and runs off to protect the attic space.

Installs on Hip & Ridge

Balanced System

The roof of a home needs to breathe in to breathe out. Simply exhausting air isn't enough. There needs to be enough air that comes in at the eave of the roof to create a balanced system. Breathe easy knowing Quarrix roof ventilation ensures the proper ratio of intake and exhaust and has proven performance to extend the life of the roof.

Any Roofing Material

Cedar Shake | Asphalt Shingles | Flat Tiles | Metal | Stone-Coated Steel

RIGID ROLL® SPECIFICATIONS 20' Rolls

Part #	Width	Height	Certified NFA	Pitches	Warranty	Material
58786	7"	5/8" Low Profile	12.7"	3/12 to 20/12	Lifetime Manufacturer's	HDPE Plastic
58785	9"					
58784	11-1/4"					
39914	11-1/4" (with coil nails)					

RIGID SECTION® SPECIFICATIONS 4' Sections (12/Box)

Part #	Width	Height	Certified NFA	Pitches	Warranty	Material
59089	7"	5/8" Low Profile	12.7"	3/12 to 20/12	Lifetime Manufacturer's	HDPE Plastic
59091	9"	5/8" Low Profile	12.7"			
59092	11-1/4"	5/8" Low Profile	12.7"			
39915	11-1/4" (with coil nails)	5/8" Low Profile	12.7"			
62407	9" (2-1/2" nails included)	1" High Profile	19"	1" profile provides a unique "shadow line" highlight.		
62406	11-1/4" (2-1/2" nails included)	1" High Profile	19"			

Quarrix Ridge Vents are covered by US Patents 5651734, 5947817, 5934995, 6450882, 6623354, 6913530. Miami-Dade and FL# apply to 11-1/4" low profile rigid vents only. ICC and TDI apply to all low profile rolls and sections.
